LEMON GROVE REVIEW

VOL. 10; NO. 37 LEMON GROVE, CALIFORNIA THURSDAY, MAY 1, 1958 10¢ PER COPY

$3½ Million Development Opens Here Sunday

Sunday is "grand opening" day for San Altos Terrace Unit "2", a three and one-half million dollar home community addition which promises to be one of the most spectacular subdivision openings the San Diego area has seen in years, according to Sam Harris of the Herziger-Harris building and developing organization. The firm built and sold the 190 "story book" homes in Unit "1".

In addition to five completely furnished model homes keyed to the 1958 "Livability" theme, there will be a "Snow White" doll house cantilevered over a cliff and a "Tom Sawyer" tree house to thrill the youngsters who attend the opening with their parents next Sunday. Model Homes will be open from 10 a.m. until long after dark and a tract office at the corner of Massachusetts and La Corta Street will be staffed with pesonnel who can answer all questions regarding prices, terms, etc.

San Altos Unit "2" "Livability" Homes have 3 and 4 bedrooms, 2 Bathrooms, Living Room and Family Room, Step-Saving Kitchen and 2-car Garages with 300 cu. ft. storage area. Lots are large and 80 percent of the home sites command a panoramic view. 211 homes are being built in Unit "2" and prices range from $16,050.00.

Directory Is Off The Press

The fourth edition of the Homeland Directory is off the press and distribution has started.

The booklet contains a list of business firms, clubs and groups, all of whom subscribed to the directory service.

There is also a street index which includes new subdivisions.

The directory carries the title of "Gold Book" this year and was compiled by Elizabeth Seymour.

It is estimated that distribution will be completed of more than 5,000 copies of the booklet before the end of May.

Floats Wanted For Swim Pool Fiesta

Entries are wanted for the Pied Piper Parade which will be held in connection with the Swimming Pool Fiesta Friday evening, May 23.

Mrs. Arva Piepenbrink, float there is no restriction as to size or shape.

Church groups or organizations are especially invited to participate.

Single autos with bunting strung across are acceptable entries, she said.

This week youngsters are to begin circulating about the community distributing scrip which is exchangeable at the Fiesta for fun, food and games.

Proceeds from the Fiesta will go into the jackpot for building a swimming pool at Washington and Mt. Vernon.

Deadline for entering floats is May 15. Mrs. Piepenbrink is available at HO 6-2489.

Bancroft Drive Repaving OK'd

SAN DIEGO (CNS) — A little over a mile of Bancroft Drive, Spring Valley, will be built for $25,713, Supervisors decided Tuesday in awarding the contract for the project to Einer Bros., Inc.

Low bidder for the project had been Goodman and Sons, but their bid had been turned down because no bid security had been presented and because the firm had made an error of $7,000 in its bid. The Goodman bid was $20,910.

Supervisors also closed the assessment hearing on the Hardy Drive project, Lemon Grove. They found the assessment correct and denied the protests against the contractor's work. The fence on the property of Mary Jackson and her sister, it was claimed, was their responsibility to replace.

The Hardy driveway, it was stated, was not in the right of way, thus not the contractor's responsibility. These were matters brought up at the hearing a week earlier, at which time Supervisors promised to investigate the complaints.

Supervisors also approved allocation of $4,000 for re-construction work on Nichols Street, Lemon Grove. The funds were originally scheduled for oiling and grading projects, so approval to use the money for new work was needed.

Health Food Shop Is Spot To Make C of C Contribution

You can get a supply of high protein, low calorie peaches . . . or make a contribution to the Chamber of Commerce's major civic project this week at Lemon Grove Health-Ful Foods, 7894 Broadway.

Mrs. Connie Carlton, one of the members of the board of the chamber is accepting contributions in multiples of $10. You can also make a contribution at the Highlander. Earl Nelson, manager of the shop is also chairman of the Chamber of Commerce Boosters Club.

Every time a contribution of $10 is made a certificate goes to the donor and when 1,000 persons have made a contribution a 1957 Ford Country Sedan, fully equipt, is going to be awarded to one of the donors.

Ernest Newton, chamber president, said he hopes the event can be completed by Memorial Day.

Proceeds from the collections will help defray the cost of bringing an election on making Lemon Grove into a general laws city.

La Presa Water To Be Ready In June

Work on the new La Presa Water District is coming along at a fast clip, according to a report from Fred Hansen, president. He said Friday that three quarters of the pipe has been installed, and the one million gallon tank is well under way, as is the pumping plant. He said the work should be completed early in June.

The La Presa Airport is now in the process of moving all its equipment and planes to the La Mesa Airport at Sweetwater Springs Boulevard and Jamacha Boulevard. A spokesman for the Boyle Engineering Company said that the Bolenbacher and Kelton builders will soon start building homes on the present airport site and also across the street. (Sweetwater Avenue). There are 214 lots in both parcels. Water from the La Presa District will supply those houses.

'Value Days' Under Way

Lemon Grove Value Days are here. Many Lemon Grove business firms have joined in bringing some of the season's best bargains to area consumers in this issue of the newspaper.

In addition to the regular readers of this newspaper, the communities which fringe Lemon Grove are also being circulated to make Lemon Grove Value Days the biggest and best event ever held. The Union-Tribune and radio stations are also taking part in the promotion.

The Dimmer VIEW

BY MAX GOODWIN

They had microscopes and sun-energy units; bacteria and batteries at Lemon Grove's elementary school Science Fair last week.

Many of the hundreds of pleased parents who attended were amazed as I at the devices and displays prepared solely by our amazing youngsters.

My award for uncluttered, basic thinking goes to six-year-old Tommy Penery, son of John Penery, of 8403 Adams Avenue who attends kindergarten at Golden Avenue School. Amid some complex displays was his rock collection and he had it labeled just right.

He had them listed as "teeny rock"; "black teeny rock" "smooth rock"; "smooth black rock", "rough rock", "flat rough rock", "flat smooth rock", and finally the most six-year-old scientific kind of all, a "flat rough rock smooth on one end."

Everybody knows how the postman spends his day off but he is not accused of taking his holiday hike over his regular mail route in that respect, Hal Johnston, our local, night police department is different. For re-

Varied Program Set For Mt. Miguel 'Open House'

Mt. Miguel High School is planning an extensive group of exhibits for its observance of Public School's Week this week on Thursday.

Mrs. Ellen Hall's Chemistry class is conducting an experiment using students posing as scientists; the Homemaking department under Mrs. Doris Powell's supervision is spotlighting cooking demonstrations and a display of garments made by seniors; Mr. Robert Conger's Spanish class is exhibiting student notebooks on Peru along with filmstrips and slides and students will dress in authentic costume to greet visitors at the door; Drivers' Education classes are having mock jury trials of accident situations; Mr. J. H. Goss' class will display various levels of writing competence from actual papers . . . recordings of literature . . .and colored slides of literary shrines; Mr. Seth Carpenter's U. S. History and World Culture class wil display selected books containing the ideas that shape our civilization; Auto Shop classes will set up an exhibit consisting of equipment, tools, and teaching aids; Gerald Newall's German class will present "Travel in Germany" featuring lively German folk songs and a travel talk. Visitors will be received by hostesses in typical German costumes. The library will have an exhibit showing how books are processed for general use; Miss Shiffiett's Journalism class has built an exhibit of the "birth of a newspaper" and will use members of the class to explain any of the processes to visitors.

Thursday evening will be Mt. Miguel High Schol's Open House. A spaghetti dinner sponsored by the high school athletic department will be served at 6:15 p.m. in the school cafeteria. Proceeds from the dinner will go toward the payment of a scoreboard for the gymnasium. At 7:30 p.m. PTA will conduct its installation and will follow this with classroom visitation.

At this time the Mt. Miguel Girl's Tumbling Team will perform tumbling, free excercise, individual and partner stunts, trampolining, parallel bars, and springboard proficiency. The Modern Dance Club and classes will present dance warmups, dance problems and dance compositions.

Closed 29,000 Cases Says S.D. City Prosecutor

San Diego City Prosecutor Richard Curran, who is running for Department 5 office against Judge John Brennan, told the Men's Club Friday that his office closed 29,685 cases last year.

"We don't do quite as good as they do on 'Mr. District Attorney' the teevee program, but we don't do as poorly as the prosecutor does on 'Perry Mason'."

He said that many of the cases are taken to trial with no more than a hall-way discussion with the witnesses.

The prosecutor's office affords an amazing program of training for future service as a lawyer or a judge, he pointed out.

John McQuilken, county assessor was guest at Friday's meeting and introduced his chief deputy John Cox. Assessor McQuilken said he would provide the program this week with a slide program on assessing practices in San Diego county.

McQuilken is running for office this year.

Bill Parker, Telco manager will preside.

Chamber Income Sign Erected

Members of the board of the chamber of commerce this week erected a sign in the plaza which will show the financial progress in the fund raising drive by which incorporation might be brought to an election.

The sign is made up to represent a thermometer.

The last report from chamber president Ernest Newton showed $6,000. A collection team is presently circulating through the community taking up donations in multiples of $10. This team will make a round of business firms Friday and Saturday.

Planning Comish To Sit On Valley 'Island'

SAN DIEGO (CNS) — Local meetings and a public hearing on zoning for an "island" in the Spring Valley area were ordered by the County Planning Commission at its Friday meeting.

Petitions for residential zoning for the area were signed by property owners and sent to the county board. In addition, the Spring Valley Chamber of Commerce has asked that the area be zoned.

The commission, in directing that zoning studies be made, set no date for the action, at the request of Dr. Willis H. Miller, county planning director. Miller, said the planning department has a number of studies ahead of the one for Spring Valley.

At their meeting, the commission granted a special use permit to the Wesleyan Methodist Church, Lemon Grove. The church organization plans an addition to its existing building at Skyline Drive and Carlisle Drive.

Little League Park Near Ready

Two Lemon Grove Little League Carnivals last week brought out nearly 2,00 spectators.

At the junior high school 400 persons turned out for the major league carnival according to Carmen Ursillo, league president.

1,500 spectators turned out for the minor league carnival Sunday at Mt. Miguel high school lower field. Fourteen teams played in the latter event.

Regular Little League starts this week with all major league teams playing at the junior high school until the Monterey Heights Little League permanent park opens late this month.

Minor league play will be permanent at Mt. Miguel high school's lower baseball field.

A community-wide ceremony is being planned for the opening of the Monterey Heights Park.

School Board To Study Raise In Teachers' Salaries

Lemon Grove teachers requested an average across-the-board increase of $250 at the school board meeting Monday evening.

Such an increase would raise the minimums from $4200 to $4500 and maximum would be $7000 a year.

A special board meeting has been called for Wednesday to study the requests. At that time the board will also hear a report on the proposed Vista La Mesa annexation to the city of San Diego.

LIONS OFFICIALS OFF TO CONVENTION

Dr. Donald Johnson, Delegate, and C. Forrest Baxter, District Governor of Lions, will attend the District 414 Convention to be held at Palm Springs this weekend.

O. W. Rister Succumbs at 83

Oril W. Rister, 83, of 7685 Church Street died Monday and services are being held this week on Thursday at Bakersfield.

He taught high school in Bakersfield for 42 years, most of the time serving the Bakersfield School system's commercial department.

He started the first adult night classes in California and taught three nights a week without pay for years because no appropriation was made for the work.

Considered one of the nation's finest penmen, some of his work was cherished by President Woodrow Wilson and President Diaz of Mexico.

He retired from teaching at the age of 76.

Rister is survived by his widow Louise C., and two sons, Kenneth B., Farmer's Insurance representative in Lemon Grove and Floyd C. of Beverly Hills. A daughter, Mrs. Earl O. Small resides at Redondo Beach.

Also surviving are eight grandchildren and six great grandchildren.

NEW OPTIMRS FORMED — Mates of the Lemon Grove Optimist Club formed a brand new OptiMrs. Club and installed charter officers at a ceremony at the Lafayette Hotel. Shown above, Mrs. Eva Murray, president of the Lakeside OptiMrs. and wife of the Zone Lt. Governor, who was installing officer, presents gavel to Mrs. Barbara Wenzel the club's first president. In the center is Dr. Amorita Treganza, who was mistress of ceremonies for the event. Dr. Treganza is wife of Dr. Lloyd Adams, also Zone Lt. Governor. Mrs. Wenzel's husband is president of the Lemon Grove Optimist Club. Other officers installed at the ceremony included: Barbara Howell, Alice Bryant and Vera Nutter, first, second and third vice presidents respectively. Marreta Clark and Pat Christensen were installed as secretary and treasurer respectively. The club meets on the second Wednesday each month at Michael's for a dinner meeting. — LyKin Foto

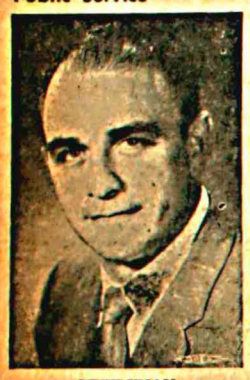
Muhleman Says Night Court A Public Service



MUHLEMAN

Howard A. Muhleman, 35, a practicing attorney in San Diego since 1950, has announced his candidacy for Judge of the Municipal Court, office No. 5, at the June 3 primary election. This department is known as the Traffic Court.

Muhleman said he is basing his campaign for election on a three-point platform and his experience in traffic cases and educational qualifications.

When elected, Muhleman pledges to work for the following three major points:

1. Creation of a night court to bring faster service and greater conveniences to many witnesses and others who are required to appear in court.

2. Application of economy measures in the operation of the traffic court. Muhleman will cut the costs of operating the traffic court, since this court now costs more to operate than any other department.

3. A system of public information as to the operation and activities of the courts and the citizens' rights therein. For an informed public it is a solid foundation for the protection of our rights and promotion of justice and furtherance of our democratic way of life.

The night court, Muhleman believes, will save the average person money who must sacrifice working hours to appear in a daytime court. Rigid economy measures would reduce the costs of operating the traffic court, Muhleman declares, and he said he would cooperate with the other Municipal Court judges to devise a system to bring many cases to trial at an earlier date.

Muhleman believes that judges of the Municipal Court should be chosen by the people at election time. "State law gives the people the right to choose their own judges. Since the incumbent in the Traffic Court was not elected by the people of the San Diego Judicial District, I felt it my duty to enter the race and give the electorate the opportunity to select their own judge." Muhleman said.

Muhleman was born in Lorraine, Ohio. He received a bachelor of science degree in education at Ohio Northern University. He received his law degree from Balboa University in San Diego in 1949 and was admitted to practice law in California in 1950.

A World War II veteran, Muhleman enlisted in the Marine Corps in 1943. He was discharged as a sergeant in 1946.

Muhleman served four years in the City Prosecutor's Office, the last two years as City Prosecutor. He resigned in 1954 to enter private law practice.

His services in the Prosecutor's Office, his associates and backers say, gave him broad experience in the field of traffic cases, where he handled thousands of traffic matters of all kinds. As City Prosecutor, Muhleman attended the University of Southern California Traffic Institute.

Muhleman has been active in civic affairs and was chairman of the special events committee, 1956 March of Dimes, serving under the chairmanship of R. B. "Bud" James, County Clerk. He is a members of the YMCA and is active in "Y" membership drives.

Muhleman is a retired member of the San Diego Local 1222, Retail Clerks.

A family man, Muhleman lives at 5311 Quince Street with his wife, Ollie May Muhleman, and their three children, Susan Jo, 11; Mitchell Howard, 5; and Jeffry Howard, 3.

Adult Student Hours Up 27% at Grossmont

The total number of student hours spent in the Grossmont Adult Program this year to February is up 27 percent over the number in 1957, reports John W. Davis, director of Adult Education for the Grossmont Union High School District. The total active enrollment for this February was 4533.

Courses in homemaking, trade and industry, social sciences, civics, and language and speech have the highest enrollment, with business running close. Enrollments in arts and crafts show a decrease, while math, science, and engineering are up. Davis said that the trend is toward more enrollment in academic subjects.

Bancroft School To Go Portable

Portable classrooms will soon be under construction at Bancroft Elementary School, according to a report from the La Mesa-Spring Valley School District. A low bid of $30,696.00 was received April 14, from contractor Roger Beatty of La Mesa (offices in El Cajon). The State Aid allowance for the project was $45,981.00. The six bids that were submitted for the work were all under the State Aid figure. Pending approval by the State Department of Finance, the Board of Education awarded a contract to Beatty.

The Board authorized advertising for bids on five portables and a multi-purpose room for Northmont school, the same night as the Bancroft work was authorized.

Cd'O L.L. To Open Sunday

Formal introductions of players, managers and other personnell will be in order. The first game of the season will be May 6, between the Bears and the Rams of the "Major" League.

Teachers Resist Union Pressure

Attempts to enlist organized labor in a campaign to force teachers into the AFL-CIO teacher union was crushed in its first test case when an out-of-court settlement won $1,000 and reinstatement in the American Federation of Musicians for William H. Bouton, Richmond music teacher.

Bouton had been expelled from the musicians union as a result of charges by leaders of the American Federation of Teachers that he had refused to join and that he had used his presidency of the Richmond Education Association to oppose the unionization of teachers. Bouton filed suit in Alameda County Superior Court last December, asking for reinstatementand $1,000 in damages. Bouton said "Had my expulsion been allowed to stand, all of these people could have been forced either to join the teachers union or to abandon their outside employment, as I chose to do."

His case was the first test in the AFT plan to prevent teachers other than members of the teachers union from obtaining summer or part time employment in occupations covered by contracts with AFL-CIO unions. This settlement establishes that teachers can continue to join the professional organizations of their choice without interference from organized labor.

LUGARENOS TO HAVE A HAWAIIAN BEAT

Los Lugarenos will hold their annual Hawaiian dance on Saturday, at Casper's "Rum and Hula Hut." Wahines and kanes will hula to the music of Sam Kochain's band.

Mr. and Mrs. William Young, chairmen, announce that prizes will be given for costumes and a hula contest will be held. Members and guests will meet for a "happy hour" before the dance.

Alohas of welcome will be given to new members, Messrs. and Mmes. Jack Beeson, Herb Lindeman and Bob Moesch.

Sheriff's Rodeo To Be Run Off In August

Plans for the San Diego County Sheriff's Relief Association's Fourth annual rodeo and horseman's spectacular were announced recently by Lt. Tom P. Isbell, chairman. The rodeo will be held this year in Balboa Stadium, Aug. 2 at 8 p.m. and Aug. 3 at 2 p.m.

The show billed as the "Southwest's Greatest Rodeo," will feature 150 leading riders and top cowboy performers in the country. The show is sanctioned by the Rodeo Cowboys Association of America.

The Sheriff's rodeo is family style entertainment, Isbell said. Admission prices wil be $2 for adults and 75 cents for children.

The Asociation will again post $3,000 added money which means the performers will be shooting for prizes of approximately $7,000. There will be a Grand Entry Parade of outstanding horsemen who will display an estimated $350,000 worth of silver-mounted saddles and bridles. Horsemen from as far north as San Francisco will be here to compete for prizes in the Grand Entry.

The rodeo is sponsored and staged by the San Diego County Sheriff's Relief Association, a non-profit organization. Funds derived from the rodeo are for the aid of San Diego's Sheriff's officers, who become injured or ill in the line of duty, or to the families of those killed on duty.

by Mary Conlee

JOTTINGS FROM JOBS

This term, activity is the key word in Lemon Grove's Rainbow Asembly under the leadership of Sharon Sanders, worthy advisor. A very successful ham dinner was put on by the girls in Friendship Hall, April 19, with Nadine Westcott, worthy associate advisor, in charge. Inspired decorations of butterflies and flowers in a springtime theme added much to the festivities, and were tastefully arranged by Judy Austin.

Anne Pelczar entertained members of the assembly at a slumber party in her home on April 25. A large breakfast was served next morning to the weary girls who had just spent a completely satisfying (sleepless) night, as slumber parties go.

LANE FIELD NEARING END OF ITS DAYS

Lane Field, former site of baseball games is demolished and the grounds are almost level.

Bid deadline for lease of the site is May 5 at the offices of the Port of San Diego. The successful bidder will construct a service station and parking lot on the site.

The Harbor Commission has set $2,500 per month as the minimum rental for the five acre area. More than 700 cars will be parked on the lot, thus shortage of parking area will be relieved. The lease runs for 10 years with an option to cancel at the end of five years. The Harbor Department will reimburse the lessee for capital improvements, if the lease does not run for the full 10 years. Successful bidder will be required to pave the lot and improve it to city standards.

Any responsible businessman can bid. For information, write the Port of San Diego, Property Management Division, 1365 North Harbor Drive, San Diego.

Bird To Fly To Washington

SAN DIEGO (CNS) — Supervisors voted to send their fellow member Dave Bird to Washington, D. C., to appear before a House sub-committee hearing on taxes on federally owned property.

The hearing is May 5, and T. M. Heggland, chief administrative officer for the county, told Supervisors $55,000 to $60,000 in county revenue is involved. The issue at stake is the county's right to levy personal property taxes against persons living on federal land.

Bird will also attend the board of directors meeting of the National Association of Supervisors. As a member of this body, part of his expenses will be paid by the state.

ART OF FOUR GROVE STUDENTS DISPLAYED IN SD

Four Lemon Grove Junior High students had art work chosen for display during late April and early May at Marston's in San Diego. Susan McMorow, 8-5 Don Peters, 7-1, Dorothy Hentigan, 7-2 and Jim Mathews, 7-3, were among those selected from city and county entrants in the annual art contest for junior and senior high students.

Mrs. Virgina Cornelius, Lemon Grove art teacher, said that the contest, sponsored by the American Red Cross and the National Art Education Association, helps promote mutual world understanding through an international art exchange. A city-county committee selected the work to be displayed.

Screening of the paintings now at Marston's will be done by the National Art Educators group and the winners' paintings will be sent on a world-wide tour. They will be on display in San Diego through May 3.

To Be Presented Tues. In La Mesa Helix 'Hi-Styles'

Plans are almost completed for the "Helix Hi-styles" fashion show to be presented Tuesday at 7:30 p.m. in the La Mesa Junior High School auditorium. The show is primarily for the purpose of raising money for scholarships, but the secondary reason, presenting the life of a Helix student through the many garments and costumes he or she may wear at the different activities will serve as a guide to incoming freshmen. The affair is open to the public at a nominal charge of fifty cents, which includes refreshments.

☆ Redwood trees will be planted along certain stretches of U.S. Highway 101 where these trees do not grow, reports the Automobile Club.

laxation he patrols his beat.

I asked officer Johnston last week how he enjoyed his first night off in more than a month. "Fine" he said. "I spent a couple of hours checking with my substitute then spent the rest of the night watching television."

"Well most of the night, anyway," he corrected himself. "Three times during the night I drove around my beat to make sure everything was covered."

For those who may not know, Sheriff's Deputy Officer Johnston's services are available by subscription via an arrangement with the Lemon Grove Chamber of Commerce.

We join with all other news media in wishing Ralph Kiner and his baseball charges good luck this opening week of local baseball.

The Padres team, in a new home just over the hill from Lemon Grove is destined, I think, to become one of the more popular baseball operations in the Pacific Coast League.

Those of us who crowded into Westgate Field Tuesday were pleasantly taken with the establishment Arnholt Smith and his associates built.

To most of us it felt more nearly like a baseball park than did the monstrosity they used downtown. Seats are comfortable, parking is plentiful, and its nearer home. We think the gals will love it, too.

In an after-the-game function, Kiner convinced me he knew almost as much about the Lemon Grove community as I did. He called some of our service club officers and preachers by name. He said his organization was setting up a sprinkling of Lemon Grove special baseball nights. In fact everything he said was ingratiating to a newspaperman who loves his community. Because of these things, you'll be hearing a lot about the Padres through these columns this year, I suspect.

PAGE 1-A

VOL. 10; NO. 37 — LEMON GROVE, CALIFORNIA — THURSDAY, MAY 1, 1958

ED KOTERBA
Reports from Washington

REDS MAKE WRONG MOVE

Soviet Russia may have outwittingly played into United States' hands by picking this time to launch its great trade campaign in Latin America.

Congress, which has balked at extending the Reciprocal Trade program, is taking a careful look at these Russian overtures south of the border. Now, some Congressmen are beginning to realize we may jeopardize our position in the Latin countries if we fail to sign a two-way trade program beneficial to these friendly Nations.

And the threat is not lost on the Eisenhower Administration. Extensive swings throughout Latin America are on the travel agenda for Vice President Richard Nixon, Secretary of State John Foster Dulles and Dr. Milton Eisenhower, the president's brother and personal representative.

TUG OF WAR

It is now coming out that President Eisenhower made some concessions to objectors in Congress before sending along his proposed reorganization of the Department of Defense to Capitol Hill.

The question now: Will it be the President's Pentagon? or Congress' Pentagon? Best guess is that the new Pentagon will be more the handiwork of Congress.

TOP-LEVEL SNAFU

What may be the year's top boner on the part of Congress is just coming to light. The National Advisory Committee for Aeronautics has been named the Government's civilian space agency and that means it should be hiring and lining up top people to work on it.

But here's the rub. Budget pressures have forced this agency, vital to the future of all Americans, to trim its 7,500-man staff by about 300 jobs.

President Eisenhower asked for, and Congress approved, a sizeable new appropriation — mostly for hiring 465 new employes and to speed up rocket and bmissile research. So what did Congress do? It approved the money but decreed that not a single penny could be spent for hiring more people.

STRATEGISTS AT WORK.

Former President Harry Truman is expected to announce immediately after the November elections that his choice for Democratic Presidential candidate in 1960 will be Sen. Stuart Symington, Dem-Mo.

But all of Symington's backers and advisers don't go along with this Truman strategy. They prefer to hold Symington back until the Democratic National Convention is well underway and in event of a deadlock let the senator rush in dramatically as a candidate. But Truman wants Symington to announce early and conduct an active, long-range campaign.

Some anti-Truman supporters of Symington claim the Truman strategy is designed to make Symington a victim rather than a beneficiary of a convention deadlock.

GUN FIRE BACK FIRE

Don't be surprised if Congress tries to investigate Hollywood on a charge the film industry is making some of the famous gangsters of the 1930's look more like heroes than villans.

FBI Chief John Edgar Hoover and some Congressmen already have criticized the movie, "Baby Face Nelson," because of its effect on teen-agers and the sympathetic treatment given the late mobster.

"Pretty Boy" Floyd, "Machine Gun Kelly" and "Bonnie Parker" are now being filmed and Congress is bound to take a close look at the end product.

COSTLY 'PEACE' CONTINUES

The wishful thinkers will be disappointed if they believe we can start trimming our military spending in the face of Russia's new peace proposals.

As matters stand the defense budget next year may have to be increased another $2 billion. Reason for this is the United States has to keep up its standing Army at the same time it spends huge funds for futuristic weapons.

"Brush fire" or localized wars still pose a major threat around the world and we have to be ready with heavy manpower to put them out.

Juniors To Honor Woman's Club

Lemon Grove Woman's Club Juniors will honor L.G. Woman's Club Seniors and the members' mothers at a tea Friday of this week at 2 p.m. at the clubhouse on Main Street. Entertainment will be provided by the Choral Group under direction of Mrs. George Jenkins. Mrs. Richard Mann is chairman. This group will also sing for Lake Murray Juniors' Installation at Michael's Monday.

Mrs. John Harvey was awarded honorary membership for a year as the outstanding clubwoman of the year. The historian's report given by Mrs. Robert Gilchrist convinced us we had a very full club year. Nine women were honored for perfect attendance for the club year.

Mrs. Graham To Be Installed President of Mt. Miguel P-TA

Mt. Miguel High School Parent Teacher Association will hold its final meeting for the school year this week on Thursday, at 7:30 p.m. in the school cafeteria. A short business meeting will be followed by open house planned by the school as part of the Public Schools Week observance. Mrs. Rue L. Shiers, past-president of the Foothills Secondary Council, will install the following elected officers; president, Mrs. Robert R. Graham; first vice-president Mrs. Bernard Kirby; second vice president, Mrs. Robert Davy; third vice president, Mrs. William R. Hoye; fourth vice president, Mrs. J. D. Shacklett; fifth vice president, Mrs. Robert Honn; recording secretary, Mrs. John Gregory; corresponding secretary, Mrs. Hollis Constance; treasurer, Edward Loop; auditor, Mr. Edward Schroeder; historian, Mrs. Charles McMahon; parliamentarian, Mrs. John B. Dail.

All departments of Mt. Miguel will be open and specially prepared displays will be of interest to all.

The P-TA will sponsor the third and final Swap Meet May 17 from 10 a.m. 'til 5 p.m. at the school parking lot.

A pot-luck dinner is scheduled at the home of Mrs. J. Dail, retiring president on May 26.

Knowland Says His Labor Views Are Being Distorted

Senator Bill Knowland, candidate for governor and author of federal legislation to provide for more democracy in labor unions said there has been a great deal of misrepresentation and distortion of his views on labor policies. "I am sure that if the rank and file members of labor unions understand my program they will support it fully," he said.

"During the course of this campaign, I shall discuss my labor program with the people of California." Among these Californians will be members of labor organizations who will want the facts regarding the workers' Bill of Rights legislation which they are not getting from their labor publications."

One goal of his legislation is to return control of labor unions from a relatively few bosses to the members. He said his bill also would eliminate much of the labor boss corruption and abuses uncovered in the hearings of the Senate Rackets Committee at Washington.

Mr. and Mrs. Arthur Johnson of 3345 Helix Street, Spring Valley, announce the engagement of their daughter Ann Marie, to Gene Murl Gamlin of Amarillo, Texas. He is the son of Mrs. Rex Gamlin of that city. He now resides in Spring Valley with the O. F. Keith family, at 9141 Kenwood Drive. The wedding has been set for June 14, at the Santa Sophia Chapel on San Carlos Drive.
Miss Johnson is a graduate of the Regina Coeli Academy of San Diego, class of '57. Gamlin has just been discharged from the U.S. Marine Corps, after serving four years.

Local Girls In Maytime Band Review

MISS ANDERSON

MISS WILSON

Two Lemon Grove twirlers scored in the state-wide Miss Maytime Majorette Contest held by Maytime Band Review officials to select the best and most beautiful twirlers in California to lead the Band Review in National City on Saturday.

Carol Wilson, 7872 Mt. Vernon Street, a baton teacher, won fourth in the statewide contest for Miss Maytime Majorette for girls 15-21. She is also a candidate for Miss San Diego. She is a former Helix High School solo majorette, and currently is a majorette for the State College band. She is a former Miss Lemon Grove and Fiesta de la Flores queen.

The other local beauty to receive honors in the contest as a runner-up for princess, is Dena Anderson, 14, of 2814 Massachusetts Street. She won second. She is leader of the Lemon Grove Junior High School band and as such will lead the band in the Review this week. She has won a number of awards during the past year including the Far Western Championship last July. In January, she win two firsts . . . double batons and free maloretting.

Both girls will be guests of the National City Lions Club at a civic dinner Tuesday night at the Community Center.

☆ If you drive an automobile remember this — the key to preventing traffic accidents is you, says the Automobile Club. Being courteous and cooperating with other motorists are the most important parts of driving safely.

Imperial Beach Marks Second Anniversary

Imperial Beach will celebrate its second birthday with the opening of a large carnival July 16 which will herald the begining of a three day birthday party, July 17, 18, and 19. There will be square dancing in the streets accompanied by the well-known Traveling Squares. A grand parade will be held on July 19 and repersentatives from our neighbors, south of the border will lend an international touch to the festivities.

The girls chosen Miss Imperial Beach will be presented. Representatives from the Naval Auxiliary Air Station, Ream Field and Naval Communications Training Center of Imperial Beach will also attend.

CLUES SOUGHT—Jack-in-the-Box-Drive-In owner-manager Jay White, 6880 Airosa Drive, points to a brown envelope held by Sheriff's Deputy Thomas E. Johnson, as a sample of the one of the clues sought by officers following a hold-up which netted a gunman $1,300. Also sought is a green bank bag similar to the one on the table in the foreground.
Masked gunman held two employes of the restaurant at bay in a walk-in freezer while scooping up the money. Restaurant is located at 8025 Broadway in Lemon Grove. Hold-up took place a week ago. Johnson is in the Sheriff's Crimes of Violence Department.

Knight Says His Law Will Curb Drunk-Driving

Officials of several other states are investigating California's new drunken-driver law with a view of adopting a similar measure, Governor J. Goodwin Knight relates in the current (April 26) issue of The Saturday Evening Post.

His article, "We Jail Drunken Drivers," written in collaboration with Bruce Lee, says the drivers don't like going to jail, but they weren't supposed to.

"And if they're too spineless to blame themselves for their predicament, they can blame me," the Governor declares. "I sponsored the legislation that put them there, and last September 11th, as governor, I had the pleasure of signing it into law" — the toughest crackdown on drunk driving in the nation's history."

The Governor says that he expects, because the law is tough, that in 1958 alone, thousands of accidents will be prevented in this state, more than a hundred lives will be saved and millions of dollars conserved.

It is reported that drunken drivers kill three people in California every day. They are responsible for one of every 4.3 injuries. Drivers who had been drinking are responsible for one of every five of all traffic accidents. And other states report similar statistics.

"My solution to the problem lies in swift, sure punishment for the drinking driver," Knight comments. "If he causes injury, he goes to jail as well as paying a heavy fine; and with the second conviction a jail sentence is mandatory, in addition to the fine.

"There are no alternatives. The law does not permit bail-outs, suspended sentences or probations. And the sternness of these provisions is having its effect."

Knight reports that, thanks to Assembly Bill 19, no drunken driver can expect help from anybody. The chances of fixing are simply eliminated.

NANCY HOLM ENTERS BEAUTY COMPETITION

Nineteen-year-old Nancy Louise Holm, 1907 Skyline Drive, is the second entry in the Lemon Grove Kiwanis Club's Fairest of the Fair and Miss Con-Tour queen contest to be held Wednesday, May 21 at Michael's Chairman John Dail announced this week.

The first entry was Sylvia Diane Sutorus, 18.

Miss Holm is a blue-eyed blonde, stands 5'10" and weighs 135 lbs. She is presently employed in a dentist's office. She aspires to become a professional model.

Single girls, between the ages of 17 through 22, who are bonafide residents of Lemon Grove and its immediate environs, but not including La Mesa, are urged to compete, Dial said.

Judging will be on a point basis for beauty of face and figure, poise and personality. Talent is not a requisite. The winner will receive an Elon of California swim suit and trophy from the Southern California Exposition and County Fair at Del Mar, and San Diego Convention and Tourist Bureau, co-sponsors of the county-wide event.

Lemon Grove's fairest will compete in finals, Sunday, June 1, at McDougal Auditorium, Marine Corps Recruit Depot.

The Fairest of the Fair and Miss Con-Tour performs several pleasant duties. She is in daily attendance at the Exposition and County Fair, June 27 through July 6; hostess of the Convention and Tourist Bureau; and in August is this county's representative in the Maid of California pageant sponsored by the California State Fair at Sacramento.

She receives a $300 cash award, three-day Western Airlines holiday at the Riviera Hotel in Las Vegas; 10-day stay at the new Namara Inn in Del Mar; a five day whirlwind tour of Southern California and a trip to Hollywood to visit MGM Studios as guest of actor Dean Jones.

Entry blanks and information are available form Dail at 7898 Broadway or by calling him at HO 6-3756.

$1585 PRIZE CERTIFICATE is given to Lemon Grove businessman Bob Vaught (right) by executive of Sylvania Photo Lamps as one of the national prizes in a photo industry contest. Exec. is Pieter S. Hubbard, Sylvania field representative. Prize was in flashbulbs, some of which are shown as part of the background.

LEMON GROVE'S NEW CAR DEALER, Jim Spears and Pat Grace, sales manager of Spears Ford, 7220 Broadway display an "Auto Buy" banner pointing of the key to overcoming what the nation's leaders call a "recesion". Spears and other dealers, in concert with newspapers, radio and television stations, are involved in a campaign to promote buying confidence and to apply a "reverse psychology to recession talk.
More than 700 firms are taking part in the campaign. "It's working, too," Spears said.

SUNDAY SCHOOL

The child's week is full of influences which bring him in contact with evil. Evil is like weeds, it needs no cultivation. Let your garden go and you will have weeds. Good must be cultivated. We are not good by nature. The Sunday School brings into the mind and heart of the child and adult the influence of the power which turns us in the direction of good. This power is Jesus Christ. Parents are responsible to see to it that their children have the opportunity for spiritaual development.

STORMS PROMOTE MOSQUITOES

Pools of water left by recent rains may soon be breeding mosquitoes, says Dr. J. B. Askew, director of public health. He urges persons to fill in or drain any low spots on their property where water is standing. He also recommends that any containers holding stagnant rain water be turned over and emptied. If you see any wigglers in pools or puddles around your home, you will soon be annoyed by adult mosquitoes of the pools are not emptied. For people with larger control problems, mosquito eating fish are available. Call BE 9-7561, Ext. 611 for further information.

FAIR ATTENDANCE GROWING GREATER

More people are attending California Fairs each year. The habit of going to a fair is as American as apple pie, and this is just as true for the exhibitor as for the visitor, despite a gradual trend to include other things than agriculture and livestock.

You can enter an apple pie, a 4-H sewing project, or a heifer. On the other hand, such items as mechanical drawing are now found in many fair premium books. Participation interest is soaring, with new records being established each year. There were a total of 170,000 entries in 70 California fairs in 1948. A compilation of 1956 records, for 73 fairs, has shown 378,000 entries, a gain of more than 100 per cent, despite an increase of less than 3 per cent in the total number of fairs.

In 1950, when 71 fairs reported, the figure leap-frogged to 234,000 entries. In 1952 a total of 72 fairs sent entries to 284,000. 73 fairs brought the amount to 344,000 two years later, and new peaks have been reached each year since.

SCHOOL DISTRICT GETS $41,000 FEDERAL FUNDS

Lemon Grove School District has been awarded the sum of $41,273 for school operating funds in acordance with Public Law 874, according to Congressman James B. Utt (R. 28th Dist.)

This law provides financial assistance to schools heavily burdened by the impact of Federal installations in their area. The total entitlement has been set at $55,031.61 of which the above amount has been certified for immediate payment.

McQuilken Has Job For Appraiser

Applications are now being accepted by San Diego County for the position of Appraiser Aid (Audit Option). Several openings in the Office of the County Assessor, John McQuilken, will be filled from this examination. This is a new classification and will offer extensive training in governmental methods of property appraisal and in the auditing of business records to determine personal property valuations for assessment purposes. Salary is $378 to $417.

College seniors who meet the education requirements may take the examination before graduation although they will be considered for employment only after receiving their degrees. Men from 20 to 35 years of age with a degree in accounting or closely related field, a California public accountant's license, or a certified public accountant's license should apply at the County Personnel Office in Civic Center.

'Lilliom' Set For Mt. Miguel

"Lilliom," the play upon which the Rogers and Hammerstein musical "Carousel" is based, has been chosen for the Mount Miguel High School Senior Class play. It will be presented May 29-30.

Selected for the leads are John Cornelius as Lilliom and Carol Rhodes as Julie. The entire cast will be published at a later date.

"Lilliom" was written by the Hungarian playwrite, Ferne Molnar, and takes place in Budapest. A folk legend and fantasy, "Lilliom" is one of the best known tragic romances in modern theatre.

Assistant directors for the production are Sandra Galbreath and Byron Connon. Sherrie Halfacre is stage manager and director Mrs. Jean Temp.

OLD CLOTHING

Mrs. Temp said the Key Club of Mt. Miguel High will collect old clothing to be used in costuming, this week. Any of the clothing that cannot be used will be donated to the Goodwill. Anyone caring to donate to the school may call HO 3-5551.

CAMELLIAS

When Camellias finish blooming, feed them with any good Camellia fertilizer. Then apply a good mulch to protect the root structure during the hot, summer months. For mulch, you can use leaf mold or steer manure, or, the cow manure you buy in sacks. Spread it on in the form of a good thick poultice, not less than 2 inches deep, so that the tender fiber roots do not dry out thru the hot weather.

SPRAYING

Don't spray Camellias while they're blooming but at the end of the blooming season. It is of the utmost importance to spray them thoroughly and start them into the summer, clean. I recommend a ligh oil emulsion because this will eliminate tea scale, as well as spiders and mites. If you select an oil spray that contains a contact control, such as nicotine or pyrethrum, you will also destroy thrips and aphis and thus give your Camellias a good start into the season.

Excessively wet soils are more widespread in California this year than during a similar emergency period in 1955-56. The emergency information is now available through University of California farm advisor offices throughout the State.

Brick Gives 'Lift' To Kitchens

One of the most attractive of of all kitchen decorating treatments is the use of brick to accent the new built-in appliances and polished wood cabinetry. Warmth and charm of brick give a life to the kitchen design, but more important is the permanent, maintenance-free services provided by brick. Some builders set the built-in counter-top range into a recessed brick alcove, and next to the alcove they install the built-in oven also surrounded by brick. Particularly effective is antique copper finished range-top and oven-front which harmonizes so perfectly with the tradi-

LOMITA VILLAGE NOTES

by Edna Rice — HO 9-6832

Happy Birthday to Neighbor Nick Carter of 328 Cardiff St.! The Carters held open house the other day. Neighbor Nick, who is with the San Diego Gas & Electric, is retired Chief of Police of London, Ontario, Canada, a township of more than 10,000 population. Nick is now writing his memoirs. Your reporter has seen some of his work. Fascinating reading. The Carters, although recently naturalized citizens, are fervent patriots. The first thing our ex-Canadian neighbors did when they bought the house several years ago was to put up a flag pole. And now every holiday there flies Old Glory, a wonderful sight.

◇ LOMITA VILLAGE ◇

Your reporter has not intentionally ignored Boy Scout doings in the Village, but possibly the Girls are a little bit less backward about coming forward. At any rate, this past week Lomita Village was accorded a signal distinction in having a Boy Scout Court of Honor (the second time in Lomita) conducted by Troop 300 at the Audubon School. The solemn, impressive candle-light ceremony was opened by the Scout Law and the Scout Oath administered by Ralph Keller, assistant scoutmaster. Participating in this ritual were scouts Paul Reed, Wayne Ellis, George D. Carroll, Dennis Cescolini, Joseph Dutton, Frank Emahiser, Fayette Grover, Ronald Haas, Charles W. Hicks, James Phillips, Gilbert Stewart, Jerry Deal, and Larry Kassmann.

As the badges were awarded, each boy stepped up to the platform, escorting his mother. He received the badge, then pinned it on his mother. There were few dry eyes in the audience at this beautiful and touching tribute to mothers.

Ralph Steel, Troop Institutional Representative, presented the Tenderfoot Badges to George Carroll, Joseph Dutton, Wayne Ellis, Frank Emahiser, Fayette Grover, Ronald Haas, Charles W. Hicks, and Larry Kassmann. Dell Dickinson, Neighborhood Commissioner of Grossmont District, presented Second Class Badges to Dennis Cescolini, Charles W. Hicks, James Phillips, and Gilbert Stewart.

Serving on the Committee are Joseph Cescolini, Troop Committee Chairman; George Payton, Secretary; C. Boren, District Commissioner; Ralph Steel, Institutional Representative; Dell Dickinson, Neighborhood Commissioner; Charles J. Kassman, Scout Master; Assistant Scout Masters William West and Ralph Keller. The following are also Committeemen: Bob Hostetler, Alex Toth, Max Dutton, E. D. Sweeney, John Hambright, Robert Hale, Jr., and Constantine A. Haas.

Boy Scout Troop 300 spent a recent week-end Camporee at Camp Mataguay, winning third place in inspection.

Now we do not want to forget the girls this week. Mrs. Dell Dickinson's Troop 19 will entertain the senior citizens at Edgemoor Farms on Saturday with singing and dances and will serve refreshments. This outing is a part of the girl's community service project. Every single Girl Scout thinks about someone else besides herself. This attitude becomes second nature.

Parents, if your children do not belong to the Scouts, do encourage them to take an interest in joining. There is no better training for good citizenship. I'll bet my bottom dollar on a Boy or Girl Scout never going wrong!

◇ LOMITA VILLAGE ◇

Lomita Village regrets to say good-bye to the Claude Mosses and their children, Ann, Martha, Susan, and Tommie, who occupied the McCauley residence at 304 Cardiff Street. Mr. Moss was on a special assignment at Convair. They have returned to their home in Nashville, Tenn. The Mosses are greatly missed in the neighborhood, and Ann and Martha at Audubon School. And now Lomita welcomes at 304 Cardiff, Mr. and Mrs. Stanley Berry and children, Diane, Danny and Davis, who likewise hail from Tennessee. The Berrys are from Johnson City. Mr. Johnson is associated with the Food Basket.

Cardif Street also rolls out the welcome mat to Mr. and Mrs. Walter McInerney and daughter Helen, who have just moved in at No. 420. The McInerneys are from San Francisco. Mr. McInerney is a civillian employee of the Navy, and Helen has just enrolled at Gompers.

◇ LOMITA VILLAGE ◇

Parents, please, attention! This is a matter that directly concerns your pocketbook. Most of us in Lomita are home-owners and so pay taxes. Those who rent still pay taxes, indirectly. I think you all know we have a nice new neighborhood park in the making, down by Audubon School, at the end of Norm Street and Leucadia. We mentioned this park in our column on Feb. 20th, telling you about the plans for basketball courts and that there was a good touch football area. Well, Mr. Hansen is the City Gardener in charge of Lomita Park, and he's a mighty good one, too.

Now here's where your pocketbooks are affected. We all know that kids will be kids. We all played a good many pranks, ourselves, in our younger days. Mr. Hansen has planted a lot of new shrubs and plants (paid for by the city, out of our tax money), but as soon as he gets them planted, some of the kids pull them up and throw them on the ground to die. Then Mr. Hansen has to buy more plants, billing the city, of course. And the mayor, the city manager, the city council, and all the rest of the city fathers, want to know why Lomita Park costs so much. Mr. Hansen's salary is paid by the city too, of course. So when he has to re-do work that has already been finished, it's costing us tax payers double. He has already explained this to a number of children, and they have promised to co-operate. But he cannot reach all of them.

Will you explain to your children that this is THEIR Lomita Park, for them to enjoy and play in as soon as it is finished? There will be places for them to play games. Aand there will be areas for picnics and parties. Before long, they will be proud of their very own park and will get a lot of enjoyment out of it. Please try to teach them pride of ownership in their park. And teachers, will you tell them, too? Mr. Hansen is doing a wonderful job. Let's help him all we can. Let's tell our youngsters that those shrubs are planted for shade and beauty and to prevent the soil from washing away by the rains. Some time, quite soon, they will enjoy sitting under the shrubs and trees, and, maybe eating their lunch there. And if they realize it is their own park, they will try to keep it clean, too, and not be litter-bugs.

And you Boy Scouts and Girl Scouts, why not organize a regular campaign to help your Lomita Park gardener, Mr. Harold Hansen?

HAGERSTOWN (Md.) MORNING HERALD — "The people of Hagerstown have again proven their deep, long standing interest in world brotherhood by opening their homes to 30 foreign visitors within the past week.

"Even the more skeptical among us are coming around to the realization that, in the long haul, world peace depends on mutual understanding among people of all lands."
